

公司简介

浙江威士达印务有限公司坐落在驰名中外的模具之乡—中国台州，交通便捷、环境优美、文化底蕴深厚。威士达是一家集热转印机械、热转印花膜、模内贴标的研发、生产、营销为一体，向现代化管理体系迈进的新型高科技企业，并拥有自营出口权。

威士达系列热转印机经过近20年研发创新，已拥有几十款适用于不同类别的机型，并获多项国家专利认证，通过欧盟CE认证，机器操作简单，控制精准。公司采用多品牌战略规划，隆重推出“彩之源”品牌膜内贴标，投巨资引进高速涂布机、宽幅电脑印刷机、全自动模切设备、在线检品机等进口生产设备，不断加强技术创新，相继实验成功并投入生产适合不同材质的热转印膜和各种膜内贴标，并形成日产转印膜20余万平方米及20万张膜内贴标的生产能力。广泛应用于众多行业：化妆品、文具、百货、工艺品、玩具、涂料、润滑油包装、家庭日用品、食品包装等行业产品。

公司坚持“务实、高效、诚信、创新”的经营理念，秉承“服务客户、永续经营、追求卓越”的企业精神。力求产品的完美性和实用性相结合，服务系统化，质量稳定的开发战略，深受国内外客户的青睐和好评，如今的威士达，在中国销售网络已遍及全国各地市场，产品远销欧洲、美洲、南非、东盟等30多个国家和地区。

传承历史经典、引领现代时尚。不断发展进步是我们永恒的追求，没有最好，只有更好！站在新的起点上，威士达人以海纳百川的胸怀期待着与您携手并进、共创美好未来！

Zhejiang weishida printing co., Ltd is located in the world wide famous mold town-Huangyan, which is in the golden coastline of Zhejiang central,with convenient transportation, beautiful environment, rich cultural heritage.Weishida is the factory who integrates product development, production, sales and services into a whole,moves forward to the modern management system of new high-tech enterprise,with export rights.

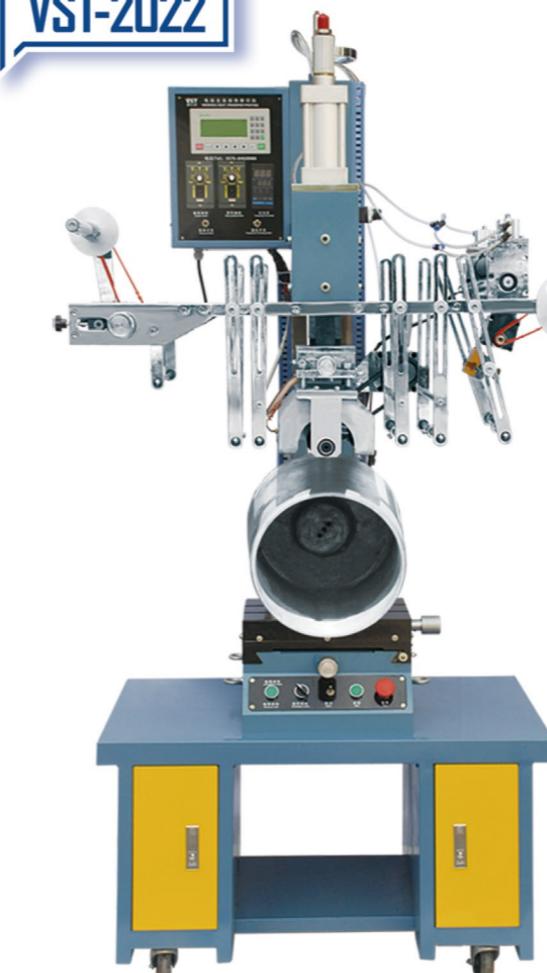

After nearly 20 years research and development innovation, weishida series heat transfer printing machine has dozens of types which are suitable for different categories of products,gets a number of national patent certification, and the European CE certification.our Machine can be easily operated and accurately controlled .Weishida adopts many brands strategy planning, rolls out “SOC” brand In mold label(IML) , spends large sum of money bringing in high-speed coating machine, wide width computer control printing machine, automatic die-cutting equipment, on-line inspection machine and other imported production equipment. Due to our continuously strengthen technological innovations ,many kinds of heat transfer printing film and in mold labels ,which are suitable for different kinds of materials ,have been tested successfully and put into production one after another , now we have the capacity of printing more than 200,000 square meter heat transfer printing film and 200,000 pieces In mold label everyday. Weishida products are widely used in many industries: cosmetics, stationery,department, arts and crafts, toys, paints, lubricating oil packaging, household products, food packaging and other industry products.

Company upholds the “pragmatic,efficient,honest, and innovative” business philosophy,adhering to the “customer service, and Sustainable management,the pursuit of excellence” spirit of enterprise.Strives to perfect and practical combination systematization of service,good quality and stability throughout the country market in the world, the products are exported to more than 30 countries and regions sales as Europe, North America, South Africa, Asia.

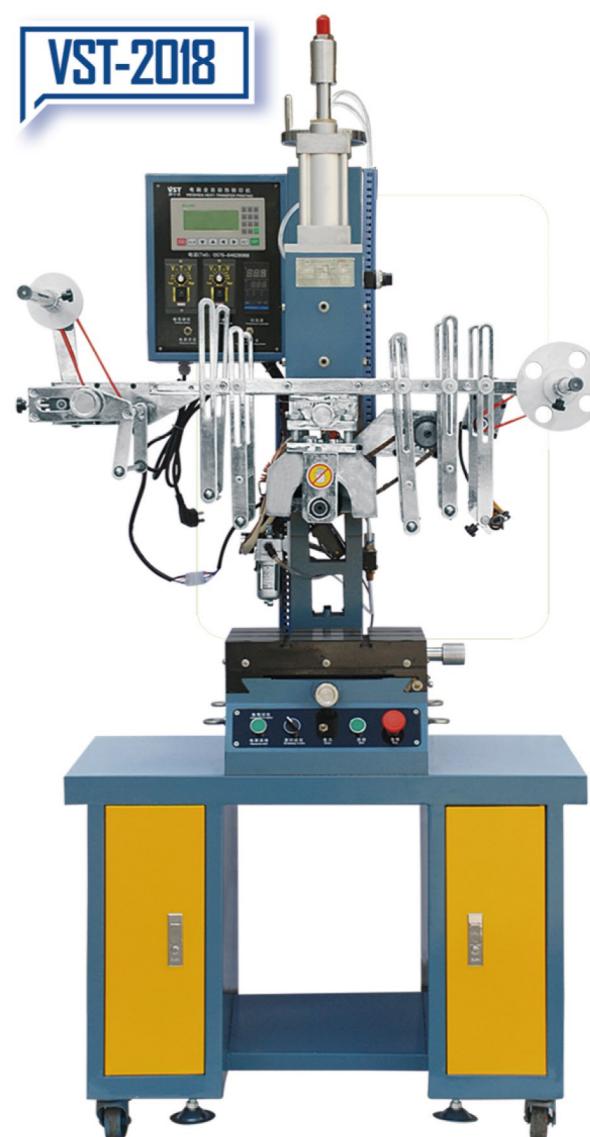

Weishida inherits history classic and leads modern fashion. The continuous development and progress is our eternal pursuit, there is no best, only better! Standing on a new starting point, Weishida expect to be tolerant to diversity of mind go hand in hand with you to create a better future!

全自动大桶弧形烫印机

AUTOMATIC HEAT TRANSFER PRINTING MACHINE SPEICAL FOR CONIC BUCKET

多年精心研制，自主专利产品。整机采用铸铁机架；五轴同动操作系统；西门子PLC模块中央控制；触摸屏中/英文双界面切换。磁粉离合自动张力控制系统；进口电气元件精心加工组装而成。整机设计结构先进、外观协调美观、机械加工精度高，性能稳定，能有效解决锥度产品的自动烫印。

After long-term exploration and unremitting efforts, the patented product VST6058T heat transfer printing machine to be launched in the market .All machine body is cast iron material,with Five axis interlock system, Siemens PLC system,magnetic particle clutches system,automatic tension system,whole Chinese-English interface touch screen, It is been assembled with imported electrical components,has the advantage of rational construction,beautiful appearance,high precision,stable performance etc.This machine effectively solved the problem of conic paint pail/big conic bucket etc products to be automatic printed.

精密文具烫印机

PRECISION HEAT TRANSFER PRINTING MACHINE FOR STATIONERY

该机器采用铸铁机架、无缝活动导杆，配备进口电气元件，精心组装而成。具有速度快、精度高、定位准、能耗低、平圆烫印自动灵活切换等特点，是一款适用于高品质产品高精度烫印的新一代烫印设备。

Precision stationery hot stamping machine The structure of VST-3040F was made of stabilized cast iron, the seamless activity guide rod , imported electrical components and then was carefully assembled. It features high speed, high-precision, accurate-orient-ation, lowenergy consumption, flat and round hot stamping can switch flexibly, etc. It is a new generation of hot stamping machine which suitable for high quality and high-precision products.

涂料桶全自动烫印机
AUTOMATIC HEAT TRANSFER PRINTING MACHINE FOR PAINT PAIL

原VST2058升级机型，放卷改为大纸芯气胀轴装膜，减少接膜浪费，加大胶滚转印，两级加温控制，同步电机控制收膜，接口更整齐。

This is the upgraded machine type of VST2058. The film roll size is bigger, save time and reduce waste during change the film roll. Use big silicon roller, adopt two-stage temperature control system., synchronous motor control the printing connector perfect.

涂料桶全自动烫印机
AUTOMATIC HEAT TRANSFER PRINTING MACHINE FOR PAINT PAIL

顺应市场发展，潜心研发生产。该机器采用整机铸铁结构，配备专利产品—衡张力装置，进口电气元件精心加工组装而成，能有效解决涂料包装桶自动转印等一系列问题。人性化设计、操作简便、稳重耐用、产品针对性强、效益高，是新一代自动转印创导产品。

Automatic heat transfer printing machine for paint bucketIt is comply with market demand, with great concentration research and production. The machine VST—2058 adopts the whole cast iron structure, it is equipped with patented product-stretching device, also uses imported electrical components and then was carefully assembled, it is can effectively solve a series problems of automatic transfer printing of paint packing bucket and so on. It features user-friendly design, easy to operate,stable and durable, well-targeted, high efficiency, it is a new generation of automatic transfer product.
